From the Principal – Katherine Holman
I hope everyone had a happy and safe long weekend. We had a very productive pupil free day on Friday 9th June where we engaged with some Maths activities and looked at developing assessment tasks that allow our children to demonstrate their learning and understanding. We will be continuing to work with some of our Partnership schools to develop greater consistency in assigning grades.

Yard Redevelopment
You will notice that work has begun in the yard to develop our nature play area. We are expecting it will take roughly 3 to 4 weeks and should be ready for the grand opening when we return to school next term. The shade structures look fantastic and we are very excited to see the next phase of development begin.

Student Reports
At the end of this term reports will be distributed. This year we have moved to a new reporting system using the SENTRAL data management program. At this stage the template has not been completed by the company, however teachers have been busily writing their comments for each student. We are still working towards having them completed on the finished template by the end of the term. We will keep you informed of the progress. Teachers spend a lot of time collecting evidence of children’s learning and then writing the reports. If you have questions about your child’s report or progress when you get your report/s please make a time with your child’s teacher/s to discuss.

Canteen News - Mandie & Catherine
Time has flown and it is time to start thinking about our End of Term Sausage Sizzle. We will be sending out a note by the end of this week, seeking volunteers who may be able to assist us. Order forms for the Sausage Sizzle will be sent out next week. We had a lot of help last term and are very grateful to those that volunteered their time. We hope to replicate it again this term.

Bi-Weekly Special for Week 7 & 8 – Chicken Fried Rice
Bi-Weekly Special for Week 9 & 10 – Crumbed Fish Fillet and Wedges

Nunga News - Aaron Murray Raschella - Aboriginal Community Education Officer
On the 2nd June this term Keller Road Primary School hosted our school partnerships Reconciliation Week cultural celebrations. Each Aboriginal student was invited to bring a friend to participate in a series of workshops and cultural experiences. The day included a cultural welcome, workshops such as traditional basket weaving, shelter building and dance plus a big sausage sizzle lunch. The day was then brought to an end with students participating in a closing ceremony. The objective of this coming together of schools was to not only promote the values of Reconciliation but to expose non-Aboriginal students and families to a range of cultural experiences to educate and foster respect and awareness of the Aboriginal culture and skills.

"Excellence and Care"
Commonwealth Student Banking Award Winners

Week 6  Room 7
Week 7  Room 10
Banking day is Thursday. Joining up is easy to do online or you can talk to our wonderful volunteers in the library on Thursday mornings from 9:00am.

Congratulations Jacinta Grammatopoulos

Student Extra Curricular Achievement

Each year, selected dancers are invited to apply to join the Assistant Teacher Training Program within our Centre. Applicants are assessed on their dedication, commitment, behavioural standards and quality of grooming. We are pleased to advise that the following student from Salisbury Heights Primary School was successful in her application for Semester 1 2017 and has been acting as a leader and role model to junior students throughout this time.

Jane Grech Dance Centre 0408 847 759

SOS for Spare Clothing - Front Office Staff

This term has seen a larger than normal amount of students requiring a change of clothes whilst at school. If your child is supplied with a change of clothing from the Front Office, we ask that you wash the items that were borrowed and return them to us as soon as possible.

We are desperately in need of donations of certain items of clothing for our sick room emergency supply cupboard. If you have any of the following items of clothing that are in good condition and you wish to donate them to us, we would be very appreciative:
Navy Track pants/ Leggings Sizes 4-6
Socks/Undies (Girls and Boys) all sizes required.
Please leave clothing at the Front Office. Many thanks.

Found
1 small silver ring in the school garden around the 2nd June.
If you or your child has lost a silver ring please come to the Front Office.

Program Achieve Assembly Awards – Amber Arruzzolo
The following students received Program Achieve Awards at assembly….

"Excellence and Care"
**STEM Experience.**

Using design and physical technologies make your own Rube Goldberg machine.

**Task:** “Move that ball” Make a machine that moves a ping pong ball more than 1 metre in any direction. Your machine has to have 5 different stages.

**What is the Mathematics?**

- Measuring things, length and height of thing to make it all work.
- Timing of different parts.
- Diameter and perimeter of items.
- Angles and directions.
- Working out different degrees of angles to make things work.
- Weight of different items in relation to making things work.
- Addition/subtraction.
- Change and probability of it working and why..

**What is the Science?**

- Forces – How much force is needed to move something?
- Pressure
- Balanced and Unbalanced forces.
- Gravity.
- Acceleration and Velocity. Acceleration = how fast something is going in any direction. Velocity = how fast something is going in a particular direction.
- Friction.

**What is the Engineering?**

- What materials I need to make it work.
- What materials work together?
- The structure and design of how my machine will work.
- Which material will create more friction to make things move smoothly?
- If the material is strong enough for what I want it to do.
- How am I going to design it? On paper or in my head?
- Diagram and plan of design showing the materials that are best to use.

**What is the Technology?**

- Putting the design together, building it.
- The use of appropriate tools to help build my machine.
- Making the actual machine and going back to the engineering process if things need to be modified.
- Physical construction of my Rube Goldberg machine using materials and tools.

We also learnt what the difference is between engineering and technology.

**Room 28. Year 6/7's Miss Ciccone**

Our class made Rube Goldberg machines. Our task was to “move that ball 1 metre in any direction”. We had to use everyday materials to construct our machine and had to continuously test it to make sure it worked from start to finish.

"Excellence and Care"
As explained at our week 6 assembly as a school we are supporting the St Vinnies Winter Appeal to help the homeless and those families in the community in need as the winter months begin.

Each class has a large box to collect donations of the following types of items: non-perishable foods such as: soups, spaghetti/ baked beans, sauces, spreads, rice, pasta, baby wipes, toiletries: shampoo/conditioner/ soap, long life milk etc.

If every child donated one item for the food boxes and clothing bins that would be a sensational effort from our school community for this amazing organisation. We thank you in advance for your support and kind donations that will be helping to make a difference to people in our local community.

Amber Arruzzolo and the SRC
Making step families work can be complex. Couples with children from previous relationships may need to develop strategies around communication, discipline, and on handling competing demands that are different from traditional families. This course can help.

The six-week course covers:

- The differences and uniqueness inherent in step families.
- The need to let go of the past in order to devise mutual expectations.
- Strategies for improving communication.
- Roles and challenges within the step family, including biological and step-parent roles.
- The experience of children and how they cope in step families.
- Strategies for nurturing the couple bond and development of conflict resolution skills.
- Charting of step family stages and the building of new step family traditions.

"We highly recommend the 6 week course ‘Making Step Families Work’ and have found it has helped us in many ways – particularly in our communication with each other. This has come about from gaining an understanding of the emotions experienced by the biological parent, step parent and the children in a blended family. We also realise that other couples/families have the same issues even though their situations may be a little different and we gained a lot from the group sharing their experiences - quite often with humour. We looked forward to attending each week."

-Comment from a course participant

When: Thursdays, 10 August to 14 September 2017 (6 weeks)
Time: 6.00pm – 8.30pm
Where: Relationships Australia SA,
Shop 8a, Salisbury Cinema Complex, Cnr James and Gawler Streets
Cost: $80 per person or $130 per couple
(concession rates $50 per person or $100 per couple)

Places are limited and registration is essential. An assessment may be required before participating. To book, call Relationships Australia SA, Elizabeth on 8255 3323

Provided by Relationships Australia South Australia Ltd and funded by the Australian Government Department of Social Services.

"Excellence and Care"
School Holiday Programs

BOOKINGS OPEN ON MONDAY 19 JUNE 2017 @9am (No bookings will be taken prior)
Please remember that spaces are limited and the minimum age limit must be observed.
Bookings are essential online at: www.salisbury.sa.gov.au/shp
Enquiries: 8406 8533

Excellence and Care

DIAMOND ROCK
Monday 10 July 10am to 11am
Mawson Centre
For ages: Five to eight years
Bring your imagination and creativity to this awesome dinosaur workshop. Investigate dinosaur tracks and find out which dinosaur made them. Find the egg in the dinosaur egg excavation game. Check out the dinosaur dig and make your own fossils to take home.
COST: $5 Bookings essential

COME AND PLAY WITH LEGO AT THE LIBRARY
Wednesday 12 July
3.30pm to 5pm
Len Beadell Library
For ages: Five+
Drop in for a LEGO session at the library! Get hands on with everyone’s favourite plastic bricks. There will be a free-play space and also a chance to try LEGO stop-motion on our iPads.
COST: FREE
Drop in event

MOVIES @ MAWSON - MOANA
Wednesday 12 July
10am
Mawson Centre
All ages
The Mawson Centre will be transformed into a cinema when we screen the popular kids movie - Moana. Each ticket holder receives a complimentary snack bag on arrival!
COST: $5 Bookings essential
Children under two are free

GAMES GALORE
Friday 14 July
10.30am to 12.30pm
Salisbury West Library
All ages
Come and spend the morning or afternoon playing your favourite games including Jenga, board games, giant Connect Four, the mind challenging Chess and much more.
COST: FREE
Bookings essential

BONKERS WITH BUBBLES
Tuesday 18 July
10am to 11am
Para Hills Library
For ages: Four to 10
Massive bubble makers, colour bubble mixes, make your own bubble blowers, painting and creating bubbles. Heaps of fun because even the very child, no matter what age - love bubbles!
COST: FREE

MOVIES @ MAWSON - ZOOTOPIA
Wednesday 19 July
10am
Mawson Centre
All ages
The Mawson Centre will be transformed into a cinema when we screen the popular kids movie - Zootopia. Each ticket holder receives a complimentary snack bag on arrival!
COST: $5 Bookings essential
Children under two are free

Introduction to Robotics with LEGO Mindstorms
Wednesday 19 July
3.30pm to 5pm
Mawson Lakes Library
For ages: 10+
Interested in LEGO and robotics? Get started with an introduction to LEGO Mindstorms!
FREE Drop in event

COME AND PLAY GAMING DAY
Wednesday 19 July
10am to 4pm
Twelve25 Salisbury Youth Enterprise Centre
For ages: 10 to 17
The AGFA crew from Northern Adelaide Senior College will be hosting a gaming day. Play on multiple big screens, lots of interactive gaming activities. Games will range from FIFA, LOL, CS:GO, Minecraft and Rocket League.
COST: $8 lunch provided

HENNA AND ZENTANGLES
Thursday 20 July
10am to 11am
Ingle Farm Library
For ages: Eight to 12
Presented by Movell Fitness and Wellbeing let your creativity flow with a Henna/Zentangle mindfulness workshop. Chill out and relax in the library, then be the envy of your friends and show off your unique Henna tattoo.
COST: $5 Bookings essential

SALISBURY E-SPORTS TOURNAMENT: LEAGUE OF LEGENDS
Thursday 20 July
12pm to 3pm
Twelve25 Salisbury Youth Enterprise Centre
For ages: 14 to 25
Get a team together and compete to win vouchers and your team name on the perpetual trophy. Runners Up Team and third place each receive a prize.
COST: Team entry fee $50.00 ($3 team members) Spectators - $5.00 (at the door - no pre-registration is needed)
